MEMORANDUM FOR: Deputy Director, Office of Special Activities
SUBJECT : Senior Seminar Briefing

1. This will confirm our earlier telephone conversation regarding arrangements for your briefing of the Senior Seminar on Tuesday, 11 April at 0900-1000 in the OSP Conference Room.

2. The broad topic deals with technical intelligence collection systems. As you will note from the attached memorandum to Harold Brownman, it is planned that OSA's presentation will precede the OSP project discussion, i.e., 0900-1000.

3. Perhaps you might wish to include in your talk some remarks on OSA community relationships, brief history of the [redacted] article performance characteristics, highlight past collection successes, current operational status, the follow-on program and finally, a look to the future. This may seem like a lot to cover in a one-hour period including allowance for 15 minutes of questions and I guess it is. However, any or all of the above points you choose will be of interest to the group. 25X

4. Attached also is a list of Seminar participants who are cleared for SI-TKH, [redacted] 25X

5. As I mentioned on several occasions, all the assistance you have given to the Seminar is greatly appreciated. We are further in your debt for helping out again.

Atts.
